SUELO MINI BLACK

floor base pair with vibration-damper

- cod. SCD5E0005 - cod. SCD5E0006 - cod. SCD5E0007
- cod. SCD5E0008

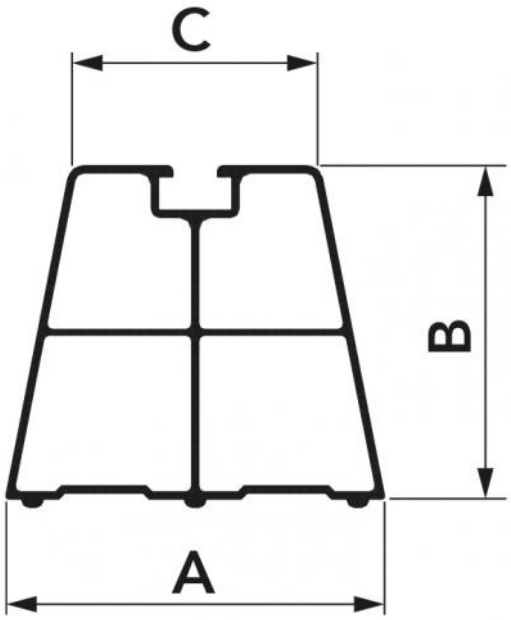

DESCRIPTION:

• The floor base has rubber inserts in the lower part that afford greater stability to the support as well as effective absorption of the vibrations emitted by the unit.
• This basic floor model is made of rigid and shockproof recycled PVC in ivory colour that is resistant to high temperatures and is equipped with a dedicated guide that, through the use of bolts and nuts, allows quick fastening of the condensing unit.
• Closing plugs are also optionally available, for quick installation, which guarantee a high aesthetic result.
• With moulded back rubber vibration damping strips

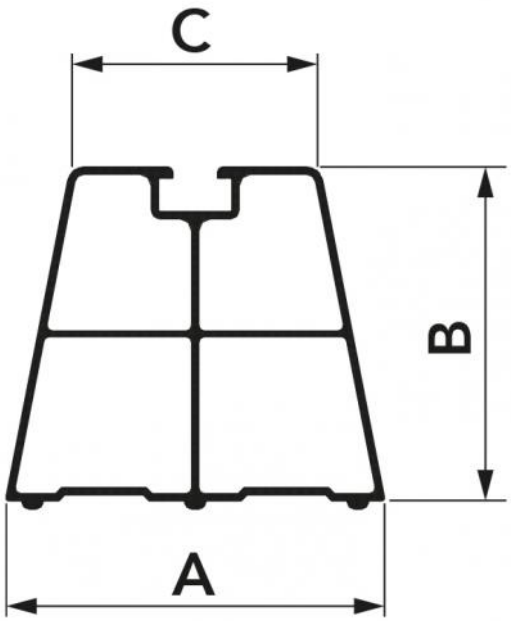

TECHNICAL SPECIFICATIONS:

• Rigid PVC, UV-resistant, impact-resistant, 80% recovered from internal production waste
• Black colour
• Rubber support base
• Sizes 330 - 400 - 470 - 1000
• Screws supplied M8
• Pack of 2 pieces supplied with screws and shrink-wrapped
