Flexible sleeve for Optima duct

- cod. SCD100590 - cod. SCD100591 - cod. SCD100592
- cod. SCD100593 - cod. SCD100594 - cod. SCD100595

DESCRIPTION

The sleeve is made of PVC and can be used with 60 or 80 mm flexible hose.

The sleeve is made with a transverse opening so that it can be installed when the connection pipes to the external units are already connected, in order to cover damaged pipes at the level of the external insulating sheath.

The sleeve allows OPTIMA ducts and flexible hose to be connected to each other.
