

DATASHEET

Magnetic sludge separator for boilers in polyamide
DMP

COD. SGC500001

TECHNICAL SPECIFICATIONS:

- LV 30 polyamide body
- 3/4" fittings
- Maximum operating temperature 90°C
- Maximum operating pressure 3 bar
- Magnet 4400 G
- Filtration degree 800 µ
- Product compliant with Ministerial Decree 174/2004
- Vertical or horizontal installation
