

Custom insulated plenum for electro-galvanised sheet metal ducted units

DESCRIPTION

The custom-made plenum is ideal for any type of installation thanks to its small external dimensions. Choose between available optional fronts in plastic Ø 150 / 200 / 250 / 300. Two additional attachments are also available on the sides. Customisable to any dimensions.

TECHNICAL SPECIFICATIONS:

- Made from 8mm insulated electro-galvanised sheet metal
- 10 mm aluminised internal insulation
- Ø 150 / 200 mm pre-drilled side collars
- Ready for side bypass
- Depth 250 mm
