SUELO BASES BY TECNOSYSTEMI

THE IDEAL BASE FOR ENSURING THE STABILITY, SAFETY AND DURABILITY OF YOUR INSTALLATIONS, WITH HIGH-QUALITY, INNOVATIVE SOLUTIONS.

When having the ensure stability and safety for your installations, it is fundamental to choose the right base. The Tecnosystemi SUELO MAXI and MINI bases are the ideal solution: a strong, reliable base designed to safely support outdoor units, HVAC systems, air conditioners and other applications.

Made from high-quality materials with pioneering technologies, SUELO is weatherproof, durable and easy to install, even in complex situations. Its versatility makes it suited to different types of units, guaranteeing excellent stability and reducing the risks of vibrations or damage to nearby structures.

Shockproof

Anti-UVA

High-resistance

Reduce the risk of vibrations in the outdoor unit

Top-Class Design
