

Electronic leak detector TSCE-300 in carrying case

Electronic leak detector TSCE-300 in carrying case

11132033

TECHNICAL SPECIFICATIONS:

- 6-level alarm with single colour
- Running time approx. 30 hours
- Sensing tip duration approx. 20 hours
- Operating temperature 0°C to +52°C
- Immediate response time
- Reset time 2 s
- Final sensitivity less than 3 g/year for all halogenated refrigerants
- Weight 560 g
- Dimensions 229 x 65 x 65 mm
- Includes carrying case
- Power supply 2 x 1.5 V
- For all types of refrigerant gases
- For HFC - CFC - HCFC
- F-GAS certifiable
