

STEALTH 3X

built-in wired backlit programmable thermostat with touch

- cod. GAD100015

DESCRIPTION

The STEALTH 3X chronothermostat is the flush-mounted version of the "PROAIR MULTIZONE" system. The chronothermostat is wall-mounted quickly on a built-in E503 type box using the adapter, screws and plugs supplied.

The programmable chronothermostat is equipped with a backlit 4.5" LCD display and a touch keypad.

Power supply and data transmission with the POLARIS controller takes place via 4-pin (4x0.22 mm²) BUS-type wiring. The STEALTH 3X zone chronothermostat works exclusively together with the POLARIS controller.

FUNCTIONS

- Touch keypad and backlit display
- Timed or manual features
- Automatic or manual opening adjustment of damper and grille
- Key lock
- Temperature scale °C / °F
- RH display in %
- Room temperature and set point value
- Clock (AM - PM / 24h)
- Weekly and monthly programming
- Protrusion from flush wall 15 mm
- Ducted set point adjustment (if present in the system)
- Fan coil or ducted speed adjustment.

DIMENSIONS

- [1] RJ45 connector
[2] Polarised 4-pin connector

TECHNICAL SPECIFICATIONS

TECHNICAL SPECIFICATIONS	
Power supply:	4-pin shielded and twisted cable 4x0.22 mm ² or RJ45
Protection rating:	IP30
Operating temperature:	0° C ÷ +40° C
Storage temperature:	-10° C ÷ +50° C
Operating humidity:	20% ÷ 80% RH
Temperature control setpoint:	10° C ÷ 35° C
Measured temperature resolution:	0.1° C
Maximum length of connecting cable	up to 100 m
Weight:	180 g
Body material:	ABS white
Front material:	white PMMA

FIXING

- [1] Adapter for box E503
- [2] Screw
- [3] Connector
- [4] Timed thermostat

Wall-mounted or mounted on an E503 junction box
