DESCRIPTION

Slotted linear diffusers with adjustable baffles and built-in calibration damper.

Made of anodized aluminium or painted white RAL 9016.

Housings are obtained from inside the profiles to enable the mounting of aluminium adjustable baffles.

They can be used in both supply and return and installed on either the ceiling or wall, with an installation height of 2.5 m to 3.1 m.

Fastening is ensured by the front screws and movable inner bracket (supplied).
